

PLA Weed Mat

Details:

Material: PLA Fabric

Color: Black/Green

Weight: 60gsm 70gsm 85gsm

Good Air Water Permeability

Degradable & Environmental

Good Water Release Effect

Good Ventilation Effect

Standard Size:

Square Size

0.8m x 0.8m

1.0m x 1.0m

1.2m x 1.2m

1.4m x 1.4m

1.6m x 1.6m

Roll Size

Width 0.8meters, Length: 20m 50m 100m 200m/Roll

Width 1.0meters, Length: 20m 50m 100m 200m/Roll

Width 1.2meters, Length: 20m 50m 100m 200m/Roll

Width 1.4meters, Length: 20m 50m 100m 200m/Roll

Width 1.6meters, Length: 20m 50m 100m 200m/Roll

Applications:

Agriculture Greenhouse Ground Cover

Farm Weed Control

Garden Vegetable Planting

Orchard Fruits Tree Protection Cover

Horticultural Landscape Cover...etc

Type 1

Type 2

Type 3

New Material

- *PLA+Polymer Materials
- *High Quality
- *Environmental Friendly

Surface Design Concave Convex

- *Not Very Close To The Ground
- *Conductive To Air Circulation
- *Good To Keep Water Storage
- *Keep Soil Loose And Porous

Degradation

- *Degradable&Environmental
- *No Need To Take Back
- *Save Time And Save Cost

Water Release Good Effect

- *64000pcs Holes In 1m² Cloth
- *Good Water Release
- *Avoiding Macerating Plants Root
- *Convenient To Irrigation
- *Controlling Water Loss

Ventilation Effect

- *Good To Plants Root Respiration
- *Good To Earthworms...etc Survival
- *Make The Soil Loose
- *Keep Soil More Fertile

Effect Application

- *Weed Control
- *Improve Fertilizer Utilization
- *Save Fertilizer
- *Saving Cost

Wire Drawing

- *Spinneret Process
- *High Cloth Density
- *High Tear Strength
- *Corrosion Resistance
- *More Durable
